Cornell Annual Fund

Philanthropy has played a key role in Cornell's history. Dating back to Ezra Cornell's founding gift, the generosity of alumni has helped improve the educational experience of generations of Cornellians. Each year, more than 38,000 alumni provide support to the university by making a gift. These gifts help support need-blind admissions and provide unparalleled opportunities that were available to you as an undergraduate. Be part of this tradition by supporting Cornell at any level each and every year.
